HPI-55S1-17	55mm	1.710	$790

THROTTLE-BY-WIRE THROTTLE BODIES

Throttle-By-Wire | 2008-2016 H-D® Big Twin Harley-Davidson® EFI Throttle-by-wire motorcycles including B2 and B3 intake manifold options. Designed to increase airflow and improve horsepower gains while maintaining compatibility with stock map sensors, fuel rail and cruise control. Offering four different throttle body sizes to cover all build modifications, CNC machined in-house from high quality 356 aluminum castings to ensure a perfect OEM fit. Complete with a CNC ported manifold and a new set of intake flanges and seals. Utilize stock core electronics, 3-5 day turnaround time from day core is received with official order form.

Part #	Diameter	Intake Runner	Retail $

MILWAUKEE 8® THROTTLE-BY-WIRE THROTTLE BODIES

2017-Later Milwaukee 8® Harley-Davidson® motorcycles. Designed to allow for more airflow over stock 55mm through a billet manufactured throttle body and fully CNC ported aluminum intake manifold. Offering 58mm, 62mm and 70mm sizes with a 1.900 intake port including new seals, utilize stock flanges. Other features include, stock location for air cleaner bolt pattern and opening, cruise control compatible and made in USA. Utilize stock core electronics, 3-5 day turnaround time from day core is received with official order form. *Upgraded Hig Flow Injectors available in ratings, 6.2gps, 8.7gps or 10gps. Add an HPi V2 Air Cleaner, or our newly designed Tunnel Ram, Elbow, all sold seperatly.

Part #	Diameter	Intake Runner	Retail $
HPI-58M8-19	58mm	1.900	$675
HPI-62M8-19	62mm	1.900	$675
HPI-70M8-19	70mm	1.900	$725

MILWAUKEE 8® TUNNEL RAM, ELBOW

2017-Later Milwaukee 8® Harley-Davidson® motorcycles. Designed to increase mid-range torque from stock to large cubic inch applications. Can install to a stock H-D® or any size HPi M8® throttle body, ***not compatible*** with SE® throttle bodies. This unique design offers a custom cone shape performance filter for those who are looking for the full race look. Also features, external breather lines that will help eliminate oil misting.

Part #	Description	Retail $
HPI-SM8-TR	Stock T/B Tunnel Ram, Elbow	$530
HPI-62M8-TR	62mm HPi T/B Tunnel Ram, Elbow	$530
HPI-70M8-TR	70mm HPi T/B Tunnel Ram, Elbow	$600

MAGNETTI MARELLI THROTTLE BODIES

Magnetti Marelli® Throttle Bodies | Fits 1995-2001 Marelli® injected Harley-Davidson® motorcycles. Electronic Fuel Injection (EFI) problems have been solved with this single bore throttle body and intake manifold. Hard starting and erratic idling issues resolved, and tuning becomes a breeze. Performance gains are superior to any other conversion system. All units require 1+ week lead time from ordering date. 51mm throttle body sizes available with CNC ported intake runner diameters for 1.660, 1.710, 1.730, 1.760 and 1.800 dimensions.

*Please note: This unit now accepts the OEM Delphi bolt pattern, and customers will no longer be able to use a stock Marelli air cleaner.

Part #	Diameter	Intake Runner	Retail $
HPI-51M-16	51mm	1.660	$900
HPI-51M-17	51mm	1.710	$900

HPI-51M-76	51mm	1.760	$900
HPI-51M-18	51mm	1.800	$900

MMXF™ MARELLI THROTTLE BODIES

MMXF™ Throttle Bodies | Fits 1995-2001 Marelli® injected Harley-Davidson® motorcycles. Made to accommodate larger cubic inch engines, this MMXF is an extension of our Magnetti Marelli® that solves issues by allowing more air and fuel to pass. Supplied with Delphi® style injectors, a billet fuel rail, 62-psi fuel pressure regulator, and fuel lines for easy installation. All units require 1+ week lead time from ordering date. 51mm and 55mm throttle body sizes available with hand ported intake runner diameters for 1.660, 1.710, 1.730, 1.760 and 1.800 dimensions.

*Please note: This unit now accepts the OEM Delphi® bolt pattern, and customers will no longer be able to use a stock Marelli® air cleaner. *Both the Magnetti Marelli® and MMXF™ Magnetti Marelli® throttle bodies require Delphi®/CV bolt pattern air cleaners.

HIGH FLOW AIR CLEANERS

V2™ Air Cleaner | Maximize your engine's potential with a high flow air cleaner. The V2™ high flow air cleaner is equipped with a velocity stack inside to provide the air your engine needs for maximum flow and velocity. With a flow rate of 428.95cfm @ 28" it is proven for performance. The billet aluminum air cleaner can be used to enhance the performance of your Harley-Davidson® motorcycle, while allowing for a super clean look with different cover designs to choose from, or the option to utilize any stock center bolt pattern cover. Accepts either Delphi/CV or Throttle-by-wire bolt pattern, available with or without cover.

AIR CLEANERS ACCESSORIES

External Breather Systems | HPi's External Breather system is an add on feature manufactured to fit the HPi V2 and Billet-Pro air cleaner kits. The design helps eliminate oil misting on bike and contamination of intake tract with a fully o-ringed system, billet stainless steel inserts and vacuum tube design. Purpose built to retro fit other select air cleaner kits that use a ***flat mounting back plate***. Allows for a slight misalignment of air cleaner due to head/throttle body fitment issues. *Please note, not yet available for Sportster® units. Fuel Injected models only.

Part #	Description	Retail $
HPI-EBS-CD	External Breather System, Cable Driven	$90
HPI-EBS-FBW	External Breather System, FBW Big Twin	$90
HPI-EBS-M8	External Breather System, M8®	$90

Outerwears® Rain Socks| Protect your air cleaner with an HPi water repellent Rain Sock custom made by Outerwears® with Horsepower Inc. white printed logo. Sizes available to fit our V2™ and Billet-Pro systems.

Part #	Description	Retail $
HPI-RS-V2	V2 Rain Sock	$34
HPI-RS-BP	Billet-Pro Rain Sock	$34

HIGH FLOW INJECTORS

Direct drop-in replacements for Harley-Davidson® motorcycles equipped with a Delphi engine management system, featuring a specifically engineered spray pattern that optimizes fuel atomization.

2001-2005 Cable Driven, Sportster® & ’08-’16 Big Twin FBW

Yellow Band Injectors | Provides a fuel delivery rate of 6.2gps (49.2lbs/h) which increases flow 43% over stock injectors. Highly recommended for engines making or exceeding 120hp.

Part #	Description	Retail $
HPI-DINJ-1	6.2 grams per second	$285/set

Black Body Injectors | Provides a fuel delivery rate of 5.3gps (42.06lbs/h). Highly recommended for engines making or exceeding 110hp.

Part #	Description	Retail $
HPI-DINJ-2	5.3 grams per second	$180/set

Brown Band Injectors | Provides a fuel delivery rate of 4.3gps (33.3lbs/h). Direct stock replacement.

Part #	Description	Retail $
HPI-DINJ-R	4.3 grams per second	$248/set

2017-Later Milwaukee 8® Touring

Provides a fuel delivery rate of 6.2gps (49.2lbs/h). Direct replacement upgrade for the Milwaukee 8™ models.

Part #	Description	Retail $
HPI-M8INJ-1	6.2gps M8 high flow injector	$285/set
HPI-M8INJ-8	8.7gps M8 high flow injector	$295/set
HPI-M8INJ-10	10gps M8 high flow injector	$305/set
HPI-M8INJ-E	Ethanol M8 high flow injector	$305/set

2006-2017 Big Twin/Twin Cam Cable Driven Only

Late Model Injectors | Provides a fuel delivery rate of 5.3gps (42.06lbs/h). Highly recommended for engines making or exceeding 110hp.

Part #	Description	Retail $
HPI-LMINJ-1	5.3 grams per second	$180/set

HIGH FLOW INJECTORS | SUPER CHARGED/TURBO

2001-2005 Cable Driven, Sportster® & ’08-’16 Big Twin FBW

Blue Band Injectors | Provides a fuel delivery rate of 7.5gps (@43.5 psi) & 8.6gps (@60 psi) . Highly recommended for super charged and turbo applications only.

Part #	Description	Retail $
HPI-BAMF-1	7.5gps (@43.5 psi) & 8.6gps (@60 psi).	$200/set

Maroon Band Injectors | Provides a fuel delivery rate of 10gps 80lb. Highly recommended for super charged and turbo applications only.

Part #	Description	Retail $
HPI-BAMF-8	10gps 80lb.	$220/set

Turbo Tip Injectors | Provides a fuel delivery rate of 11gps 88lb. @ 3BAR 13.2gps 105lb. @ 4BAR. Highly recommended for super charged and turbo applications only.

Part #	Description	Retail $
HPI-BAMF-88	11gps 88lb. @ 3BAR 13.2gps 105lb. @ 4BAR	$230/set

Injector Clips & Spacers | Injector clip and spacer kit can retrofit any 2001-2005 style injector on a 2006-Present bike or 2006-Present injector on a 2001-2005 bike.

Part #	Description	Retail $
HPI-IC-1	'01-'05 Inj EV1 connector to '06 EV6 Harness	$40
HPI-IC-6	'06-Pres Inj EV6 connector to '01-'05 EV1 Harness	$45
HPI-ICS-1	'01-'05 Inj EV1 connector to '06 EV6 Harness Clips & Spacers adapting injectors into '06-Pres bikes	$55

PERFORMANCE EXHAUSTS

Exhaust Systems | HPi Exhaust systems are 100% handmade in USA, TIG welded, and feature a perforated stainless muffler interior. Exhausts are available in only a Stainless finish. All sales on exhaust systems are final and cannot be returned as they are all custom made to order.

Dyna® Exhausts

Milwaukee 8® Bagger '17+ Exhausts

Part #	Description	Retail $
HPI-EXM8B-S	Full Length M8® Bagger '17+, Stainless Exhaust	$1,800
HPI-EXM8BS-S	Shorty, M8® Bagger '17+, Stainless Exhaust	$1,600

PERFORMANCE PARTS

Oil Cooler Mounting Bracket | Fits 1999-2007 Twin Cam A motors, manufactured from billet 6061 aluminum and polished for a clean look, this bracket allows for optimized oil passages that flow nearly 30% more than competitors, leading to less oil pressure drop for a proven cooler running motorcycle. Lightweight design engineered for easy fitment with any Jagg® or aftermarket cooler. ***Cannot use without oil cooler element.***

Part #	Description	Retail $
HPI-OC-1	Polished Oil Cooler Mounting Bracket	$155
HPI-OC-B	Black Anodized Oil Cooler Mounting Bracket	$230

Fuel Pressure Regulator | 62-psi fuel pressure regulator is designed for greater fuel delivery and engineered for direct fit in 2001-2005 Delphi® injected motorcycles and all Magnetti Marelli® systems.

Part #	Description	Retail $
HPI-DPR-1	Delphi® Fuel Pressure Regulator	$115

0_2 Tuning Adapter | This tuning adapter is perfect for every tuner aiding in air sampling for 2010-later touring models. Easy to install without drilling or removal of pipes. Adapter is screwed into factory 0_2 location, just insert copper sampling tube into copper adapters, tighten and tune.

Part #	Description	Retail $
HPI-TA-02	0_2 Tuning Adapter	$75

High Flow Fuel Rail | High Flow Fuel Rails for Throttle-by-Wire applications allow for a higher volume of fuel delivery specifically for larger cubic inch and super charged bikes. Eliminates the quick connect off the fuel tank and allows for full fuel flow through -6 line. Kit includes -6 braided line, tank insert, -6 90° fitting, and rail.

Part #	Description	Retail $
HPI-HFFR-1	High Flow Fuel Rail, -6 Lines, FBW	$210

REPLACEMENT PARTS

Intake Flanges & Seals | Intake flanges and seals are designed specifically for any head and throttle body combination. Flanges are manufactured on state-of-the-art CNC machinery from aero-space grade billet 6061 aluminum. They are not prone to cracking or warping like other forged products.

Part #	Description	Retail $
HPI-IF-6L	’06-later throttle body to ’06-later heads	$50
HPI-IF-6E	’06-later throttle body to ’05-earlier heads	$50
HPI-IF-5L	’95-’05 throttle body to ’06-later heads	$50
HPI-IF-19	’06-later throttle bodies with 1.900 Intake Port	$99
HPI-IF-6OE	’06-later stock throttle bodies original equip	$50
HPI-IF-5OE	’01-’05 stock throttle bodies original equip	$50
HPI-IF-6LS	’06-later throttle bodies chromoly flanges	$99
HPI-IF-O	’06-later o-ring flanges for all HPi manifolds	$85
HPI-IF-RS	Set of Replacement Seals Only	$20

Throttle Body Rebuild Kits | O-Ring 2001-2005 and ’06-’17 Big Twin/Twin Cam rebuild kits for throttle bodies.

Part #	Description	Retail $
HPI-RBKIT-1	2001-2005 Rebuild Kit	$27
HPI-RBKIT-6	2006-Present Rebuild Kit	$27

Hurricane Head® Adapters |Allow us to modify your existing throttle body to accept the Hurricane Heads® manifold with an adaptor for both cable driven and throttle-by-wire motorcycles.

Part #	Description	Retail $
HPI-FBWHH-1	Throttle-by-Wire Adapter	$450
HPI-CDHH-1	Cable driven adapter	$250

TERMS & CONDITIONS

Orders: Parts can be ordered via telephone at (317) 757-8668 Monday-Friday from 9:00AM to 6:00PM EST. Most parts can be shipped UPS within 24 hours. Priority "Next Day" and "Second Day" orders must be placed by 1:00PM EST. Faxed orders can be sent to (317) 222-6360 and email orders can be sent to laura@horsepowerinc.net.

Payment: We accept cash, all major credit cards, and cashier's checks and money orders via UPS C.O.D. Company checks only to previously approved accounts. A service charge will be applied to all returned checks. Net 30 terms are available upon request. A service charge of 1-1/2% (at 8% per annum) will be added to all past due accounts. If the seller requires the services of an attorney, whether legal action is taken or not, in the event of any default, the buyer agrees to pay all costs of collection including, but not limited to, court costs and attorney fees.

Shipping: We use UPS or FedEx for shipping with freights and other delivery charges (C.O.D., insurance, etc.) collect. There is an additional $16.50 charge on all C.O.D. orders. C.O.D. shipments will be sent "Certified Check" or "Money Order" unless other arrangements have been made with the factory in advance. Please request an HPI Credit Application for open account status or company check.

Custom Orders: All custom orders must be paid in full, in advance when ordered. The sales of custom orders are final and no items may be returned. A 50% deposit will be collected prior to all engine and bike builds.

Refunds and Exchanges: If you are not completely satisfied with your order, you may return it within 30 days for an account credit for merchandise only, provided:
1. You are the original purchaser, and you purchased your items directly from HPi.
2. You have a copy of the original receipt with your current contact information and reason for return.
3. The item is new, in its original packaging and has not been used, installed, or tampered with in any way.
4. You receive an RMA number from HPi.

Return you package (pre-paid and insured) to: Horsepower Inc. Attn: Returns Dept. 57 Gasoline Alley, Suite A Indianapolis, IN 46222. Your package must be postmarked on or before 10 days from the date of purchase. Credit will be applied to account for merchandise only. Freight, handling, and associated fees are not refundable. For International shipments, please call or email laura@horsepowerinc.net. All returned merchandise is subject to a 15% restocking fee. Please note custom manufactured or special built items are **not** returnable. Exhaust systems are **not** returnable under any circumstances.

Warranty: Limited guarantee- We continually inspect and try to improve our products. All parts have been inspected prior to packaging, and our guarantee is limited to replacement or defective parts. This guarantee is in lieu of all other guarantees or warranties implied or expressed. Because we cannot control the application of our products, buyer assumes risk for any and all damage caused to himself or third party, by virtue of failure of these parts. We make no warranty as to products distributed by us, express or implied, including without limitation any warranties or mechanical ability and fitness for a particular purpose. All HPi products are custom designed for high performance applications. Products are non-returnable, and no warranty is extended. Implied or expressed most high-performance parts are not legal for sale or use on public highways, CA or EPA Pollution Controlled Motorcycles. Users must comply with all federal, state and EPA regulations. In some instance, high performance parts can be recalibrated to meet the above guidelines. We shall not be liable for indirect or consequential damages.

LEGAL DISCLAIMERS

Warranties and Guarantees
We continually inspect and try to improve our products. All parts have been inspected prior to packaging, and our guarantee is limited to replacement or defective parts. This guarantee lieu of all other guarantees or warranties implied or expressed. Because we cannot control the application of our products, buyer assumes risk for any and all damages caused to himself or third party, by virtue of failure of these parts. We make no warranty as to products distributed by us, expressed or implied, including without limitation any warranties or merchant ability and fitness for a particular purpose. All Horsepower Inc. products are custom designed for high performance applications. Products are non-returnable, and no warranty is extended. Implied or expressed most high-performance parts are not legal for sale or use on CA or EPA Pollution Controlled Motorcycles. Users must comply with all federal, state and EPA regulations. In some instance - high performance parts can be recalibrated to meet the above guidelines. We shall not be liable for indirect or consequential damages. Installation of HPI products (and similar products from other manufacturers) may reduce or void your Harley-Davidson® vehicle warranty.

Disclaimers
Emission-related parts for OEM non-emission control system equipped motorcycles as well as slip-on mufflers that mount downstream of and which do not alter the performance of OEM emission related devices are considered legal replacement parts by the California Air Resources Board (CARB). CARB does not, however, permit the use of aftermarket parts that remove or alter OEM emission control devices unless certified by CARB, other than for closed circuit race use only. More California exhaust information is available at www.arb.ca.gov/.

Exhaust Noise Disclaimer: Unless noted, HPi exhaust components do not meet U.S. EPA noise standards and may be restricted to closed course competition use. Check local noise ordinances before use.

Catalog Contents
We believe the contents and specifications of this catalog are correct. We assume no liability for errors in listings, specifications, part numbers, prices, or model applications. We reserve the right to change specifications, product descriptions, product quality, pricing, and application at any time without further notice and without further obligation. The reproduction of any material from this catalog is forbidden without our written approval. Harley-Davidson ® is a registered trademark and is utilized in this catalog for reference only.

Caution
These products are not legal for sale or use in California on pollution-controlled vehicles. Harley-Davidson® motorcycles equipped with some HPi products may not be used on public roads and may be restricted to closed course completion use. HPi performance products are intended for the experienced rider only. Some products are intended for race applications only.
